

## **Hindustan Motors displays its range of CNG powered Vehicles, Carhabri, October 13**

One of the oldest automobile producer in India; Hindustan Motors Limited, has announced a road show, which will display company's three CNG run automobiles. The event will continue for a month and will make major halts at Tier II and Tier III cities in the states of Madhya Pradesh, Gujarat, and Maharashtra.

General Manager- Corporate Affairs, Mr. B C Mishra, flagged of the road show rally along with him present were Mr. Ashish Garg, Head- Pithampur manufacturing plant, and other senior employees. Similar road events has been organized by the company in near past in the states of West Bengal, Assam, Orissa, Puducherry and Tamil Nadu. The demonstration was welcomed with great enthusiasm there.

The present road-display consists of Hindustan Motor's CNG powered automobiles and the main focus of it, is to create awareness about the CNG products of the company. The line-up includes Ambassador Discovery; which now comes filled with many new features apart from the icon's present comfort levels. Another CNG vehicle in the form of Winner 1.8 XD cargo and the most attractive package of the show is the forthcoming 10-seat commercial passenger vehicle; which is displayed in order to collect consumer feedback. The all three automobile are Bharat Stage IV compliant.

Managing Director, Hindustan Motors Limited- Mr. Manoj Jha stated that as of now company's crucial objective is customer satisfaction with environment friendly products. The display of LPG and CNG power-driven vehicles are a strong step in order to conserve the environment. Also the company is keeping in mind the soaring petrol prices, after which people in the country are looking for a healthy alternate.
