

Mitsubishi Cedia to partake in Indian National Rally Championship 2011

Posted On 2011-06-02

The Mitsubishi Cedia Sports will be part of the Rally of Maharashtra, Round 1 of Federation of Motor Sports Clubs of India's (FMSCI) Speed Indian National Rally Championship (INRC) 2011 on June 3rd at Nashik. It already boasts of victories at the Federation Internationale de l' Automobile circuits, and the World Rally Championship, apart from the Western India Sports Association's INRC.

Sirish Chandran, editor of OVERDRIVE would be behind the wheels as he is also a rally driver, and the Cedia with its winning nature proves to be a logical choice. The Rally of Maharashtra 2011 holds big promise for Overdrive with support from Hindustan Motors-Mitsubishi, and partners Bosch Power Tools, Red Rooster Performance, and MRF Tires.

The Indian National Rally Championship can be grueling with events spanning of three days, and a terrain that's as diverse as rocky tracks, and high speed smooth tarmac. Being held since 1999 in its current format, it's a challenging turf that sees manufacturers and drivers vie for individual trophies. Being a premier Indian car rally championship, the level of competition has been improving.
