Mitsubishi Pajero enthralls people in Vadodara through Heart-in-Mouth Rally (Photos), Rush Lane, September 26

Mitsubishi Pajero showed what it is capable of to the people of Vadodara during the Heart-in-Mouth Rally held earlier this weekend. In front of their fans and admirers, around 25 Mitsubishi owners took part in the Heart-in-Mouth Rally organized by Hindustan Motors – Mitsubishi.

The aim of the rally was to make the owners aware of the off-roading capabilities of the Pajero SUV. By driving through the toughest of terrains possible, Pajero owners were made to realize the true potential of their SUV.

Hindustan Motors – Mitsubishi will be organizing Heart-in-Mouth Rally in Bengaluru, Coimbatore and Pune in the coming months. Mr. Rakesh Gandhi, Director, Export Equipments Rentals & Logistics Corporation Pvt. Ltd., who participated in the rally with his August 2008 Pajero, said, "Pajero is my darling, but not a delicate darling. It is a really rough and tough vehicle which is capable of comfortably encountering the most unpredictable landscape and territory. When you are in a Pajero you do not have to bother about uneven and pot-holed roads, rocky or sandy patches, forest trails or water logged spots. I have driven from Vadodara to Leh in Ladakh and back with joy."
