

New Mitsubishi dealership in Mangalore - Shreenidhi Automobiles, Team-BHP, October 01

HM-Mitsubishi is opening a new dealership in Mangalore on the 29th of this month.

Most Mitsubishi owners and fans in and around this area will be familiar with Shreenidhi Automobiles, currently operating as an authorized service outlet for Mitsubishi vehicles. I have been giving my Cedia for service from the last one and half years and am totally satisfied with the quality of their service. But they were not into sales and one had to go to Bangalore to experience the car/SUV they wanted to purchase

Now Shreenidhi Automobiles are planning to start a new showroom for Mitsubishi vehicles here. This will come as a relief for all those who are interested in buying a Mitsubishi product in and around this region (I do not think there are many)

I do not have many details but this is from an sms i received yesterday:

'Dear Sir/Madam, We are glad to inform the launch of the new authorized Mitsubishi showroom in Mangalore on 29th September 2012 at 06:30pm. Also we shall be showcasing the new Pajero Sports. We request your kind presence and solicit your support for the inaugural event. For any queries please contact 9845962358. Warm wishes, Shreenidhi Automobiles'

Although i doubt there will be a queue of customers very soon, this is indeed a positive step to ensure customer faith in the brand-something which is very much the need of the hour as far as Mitsubishi is concerned.
