HM Mitsubishi to launch new Pajero in Q1 2012, Auto Tech Review, December 21

HM Mitsubishi has announced to launch the new generation Pajero sometime in the first quarter of 2012. The company had earlier planned to launch the vehicle at the Auto Expo in January but the disruption of operations in Thailand due to floods forced the company to pull out of the event.

Making this announcement, Mr. Manoj Jha, Managing Director of Hindustan Motors Limited, which manufactures and markets Mitsubishi Motors Corporation's Pajero and other premium vehicles also in India, stated here today, "We had decided to launch Pajero as well as new variants from the HM stable at the Auto Expo 2012 in New Delhi. However, some dislocation of operations at Mitsubishi Motors' Thailand facility due to natural calamity and unexpected events compelled us to alter our plans for participation in the auto show."

Apart from the Pajero Hindustan Motors will also launch some new passenger and commercial variants of the Ambassador. The company is hoping to witness a significant increase in volumes post the launch of new Pajero and HM vehicles.
